the job interview is probably the most important step you will take in your job search journey because it s always important to be prepared to respond effectively to the questions that employers typically ask at a job interview petrogav international has prepared this ebooks that will help you to get a job in oil and gas industry since these questions are so common hiring managers will expect you to be able to answer them smoothly and without hesitation this ebook contains 150 questions and answers for job interview and as a bonus 230 links to video movies this course covers aspects like hse process mechanical electrical and instrumentation control that will enable you to apply for any position in the oil and gas industry

whenever a student decides to prepare for any examination her his first and foremost curiosity arises about the type of questions that he she has to face this becomes more important in the context of competitive exams where there is a neck to neck race for this purpose we feel great

pleasure to present this book before you we have made an attempt to provide all competitive exams reasoning chapter wise and type wise questions asked in various ssc banks etc exams from 1999 to 2020 along with their solutions features chapterwise and type wise collection of past ssc banks and other competitive exams question papers 1999 2020 each chapter divides the questions into different types type 1 type2 and type 3 solutions have been given with enough diagrams proper reasoning for better understanding students must attempt these questions immediately after they complete the chapter in their class school home during their preparation

this book addresses one of the most important topics scrutinized by the scholars of international business moreover no studies have been undertaken on the impact of institutional distance on the internationalization choices of swiss firms

argumentation as a teaching and learning method in the k 12 curriculum has received increasing attention across the globe the reason for this is simple argumentation helps students develop necessary critical thinking skills however teaching this method is not as straightforward as it may appear placing the classroom at the centre of the investigation this book seeks to throw light onto argumentation as a teaching practice by asking what does it take to teach as argument what does it mean to be argumentative teachers and how can we create classroom environments that will help and encourage young people to develop their argument skills based on first hand experience and extensive research this volume guides the reader through argumentation with the focus placed on the relationship between this teaching method and effective learning and the need to investigate the role of teachers in encouraging argumentation in the classroom although there are a considerable number of tools and techniques that promote argumentation in the k 12 classroom many teachers struggle to successfully implement them in the classroom aimed at addressing this issue this book endeavours to instruct teachers on how to apply argumentation effectively in their day to day classes and to clarify argumentation as a teaching and learning strategy as an important contribution to the field of argumentation and education this book will be of interest to researchers post graduate students and secondary school teachers alike

this book is about all our futures and demonstrates how essential insights from political psychology can nurture and safeguard democracy

master s thesis from the year 2015 in the subject politics topic international organisations grade no grade yet university of aarhus course international studies language english abstract the unprecedented scope and implications of the 2014 ebola outbreak in west africa has confronted the international community with challenges in responding to the crisis on 19 september 2014 the first ever un emergency health mission united nations mission for ebola emergency response unmeer was established unmeer was set up as a temporary mission to bring together un agencies and capabilities in the response and closely collaborate with governments ngos member states and other relevant actors with the main strategic objective to stop the ebola outbreak this thesis investigates the effects of unmeer on the global ebola response as a whole and assesses whether the establishment of the mission was the right decision to make from the un side in response to the outbreak in this regard the context in which unmeer was established is scrutinized by examining the challenges faced in the outbreak and how these were approached by the international community the analysis is predominantly based on qualitative primary data collected through individual semi structured interviews with respondents who are or have been directly involved in the ebola response as well as on secondary data findings show that unmeer had a positive impact on the response in various respects the exceptional decision from the un side to establish the first ever emergency health mission increased worldwide awareness of the outbreak and catalysed a high level political and financial international engagement in the response furthermore there seems to be a positive attitude towards unmeer s role in bringing together un agencies under a single structure in the response as well as the logistics support provided by unmeer to un agencies and other partners working in the response however due to a lack of presence and a limited number of staff in the affected countries effective collaboration with organizations involved on the ground did not sufficiently materialize findings indicate that overall responders were not satisfied with unmeer s impact on the ground this seems to be rooted in i a a significant gap between responders expectations and perceptions of unmeer due to lack of clear information from unmeer s side on what exactly could be expected of the mission drawing on research findings and lessons learned from the outbreak instead existing resources and systems under the un office for the coordination of of humanitarian affairs ocha should have been reinforced

master s thesis from the year 2014 in the subject business economics investment and finance grade 1 0 heriot watt university edinburgh finance course corporate finance language english abstract theoretical

and empirical research has indicated that overconfidence affects merger decision making and merger premium however founder ceos have not been subject of such a study yet this lack is particular surprising when considering the differences between founder and manager ceos as well as the media attention of founder ceos the present dissertation aims to fill the research gap through investigating the effect of founder ceo overconfidence on merger premium in the high tech industry moreover this dissertation aims to extend the literature by including target ceo overconfidence and studying the impact on merger premium when both acquirer and target ceo are overconfident by studying founder ceos this dissertation also aims to establish the effectiveness of founders as ceos the resource based perspective argues that while founders help in the early years of the company they become less effective as the firm evolves since they lack the necessary management skills design methodology approach using ordinary least square ols technique this study investigates the effects of implemented factors in determining the merger premium paid in high tech acquisitions a sample consisting of 245 acquisitions in the high tech industry of 124 ceos during a 19 year period 1995 to 2013 has been observed in order to test the founder ceo effects this dissertation develops a matched sample approach of 62 founder ceos and 62 manager ceos this study shows a strong relationship between ceo overconfidence and acquisitions premium paid the results suggest that the ceo overconfidence may provide an explanation for the well rehearsed overpayment problem an additional analysis indicates that the highest premium is paid when combined acquiring and target firm ceo overconfidence exist the dissertation also shows that founder ceos pay higher premia than manager ceos in the high tech industry it has been proven that founder ceos decisions are more independent from interventions of the board of directors and that founder ceo overpayment is not dependent on the company's size or relatedness of mergers the findings are reliable as the results remain constant for applied robustness tests
