by showing how music intersected with wider cultural affairs such as philosophy and criticism this book connects music and the modern in eighteenth century spain within the context of enlightenment thought histories of modern europe often present late eighteenth century spain as a backward place struggling to keep pace with modernity during the reign of charles iii 1759 1788 spain pushed for economic and cultural modernization but encountered resistance from members of the public and the elite alike they viewed the modern as a passing fad that would in time show its fragility and believed spain would withstand the collapse thanks to its firm grounding in the pillars of monarchy religion and traditional forms of knowledge one source of this solid foundation was the long established musical knowledge based on the rules of counterpoint in contrast modernizers argued that spain could be true to its essence yet simultaneously modern and cosmopolitan they favoured cosmopolitan genres such as italian opera and artistic expression over counterpoint rules at times this led to more creative uses of music such as reinterpreting pastoral and sentimental topics to accommodate reformist political trends music was considered crucial to the integrity of the spanish nation by both sides whether and how spain became modern would in many ways be defined and reinforced by the kinds of music that spaniards composed and witnessed on stage through the study of press debates opera reception and musical theatre productions this book shows how music intersected with wider cultural affairs such as philosophy and criticism medicine and the human body civilization bourbon policy and sentimentality music and modernity in enlightenment spain for the first time connects music and the modern in eighteenth century spain within the context of enlightenment thought publisher s website

this collection of essays poses a series of questions revolving around nonsense cacophony queerness race and the dancing body how can flamenco as a diasporic complex of performance and communities of practice frictionally and critically bound to the complexities of spanish history illuminate theories of race and identity in performance how can we posit and argue for genealogical relationships within and between genres across the vast expanses of the african and roma diaspora neither are the essays presented here limited to flamenco nor consequently are the responses to these questions reduced to this topic what all the contributions here do share is the wish to come together across disciplines and subject areas within the academy and without in the whirling raucous and messy spaces where the body is free to celebrate its questioning as well as the depths of the wisdom and knowledge it holds and sometimes reveals

phytochemicals from medicinal plants are receiving ever greater attention in the scientific literature in medicine and in the world economy in general for example the global value of plant derived pharmaceuticals will reach 500 billion in the year 2000 in the oecd countries in the developing countries over the counter remedies and ethical phytomedicines which are standardized toxicologically and clinically defined crude drugs are seen as a promising low cost alternatives in primary health care the field also has benefited greatly in recent years from the interaction of the study of traditional ethnobotanical knowledge and the application of modem phytochemical analysis and biological activity studies to medicinal plants the papers on this

topic assembled in the present volume were presented at the annual meeting of the phytochemical society of north america held in mexico city august 15 19 1994 this meeting location was chosen at the time of entry of mexico into the north american free trade agreement as another way to celebrate the closer ties between mexico the united states and canada the meeting site was the historic calinda geneve hotel in mexico city a most appropriate site to host a group of phytochemists since it was the address of russel marker marker lived at the hotel and his famous papers on steroidal saponins from dioscorea composita which launched the birth control pill bear the address of the hotel

built by industrialists whose early businesses contributed to the escalation of the industrial revolution company towns flourished in countries that embraced capitalism and open market trading in many instances the company town came to symbolize the wrecking of the environment especially in places associated with extractive industries such as mining and lumber milling some resident industrialists however took a genuine interest in the welfare of their work forces and in a number of instances hired architects to provide a model environment overtaken by time these towns were either abandoned or caught up in suburban growth the most thorough going and only international assessment of the company town this collection of essays by specialists and authorities of each region offers a balanced account of architectural and social history and provides a better understanding of the architectural and urban experiences of the early industrial age

in this book david craven investigates the extraordinary impact of three latin american revolutions on the visual arts and on cultural policy the three great upheavals in mexico 1910 40 in cuba 1959 89 and in nicaragua 1979 90 were defining moments in twentieth century life in the americas craven discusses the structural logic of each movement s artistic project by whom how and for whom artworks were produced and assesses their legacies in each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders
