collocations and action research is a thorough investigation of both the theory and practice behind improving second language learners vocabulary and fluency through the teaching of multi word units of language taking these collocations as its focus this book provides a clear and in depth description of the cognitive processing language learners go through when producing speech in relation to them using the findings of a two year action research study into improving learners spoken fluency joshua brook antle also explores the practical sides of collocations explaining how the research study was constructed and conducted orientating the findings within the larger field of second language acquisition especially within the L2 classroom the practical applications of the findings are then presented through a series of pedagogical tasks all focusing on collocations and productive fluency providing a template for how to conduct an action research study using both qualitative and quantitative research techniques collocations and action research will appeal to researchers interested in vocabulary and spoken fluency as well as language instructors wanting to better understand the nature of vocabulary and spoken discourse

this volume brings together original research in the four areas of L2 collocation learner corpora L2 collocation lexicographic and classroom materials L2 collocation knowledge assessment and L2 collocation learner processes each area is covered by three research chapters and a dedicated commentary chapter by experts in the field

collocations are both pervasive in language and difficult for language learners even at an advanced level in this book these difficulties are for the first time comprehensively investigated on the basis of a learner corpus idiosyncratic collocation use by learners is uncovered the building material of learner collocations examined and the factors that contribute to the difficulty of certain groups of collocations identified an extensive discussion of the implications of the results for the foreign language classroom is also presented and the contentious issue of the relation of corpus linguistic research and language teaching is thus extended to learner corpus analysis

this edited collection presents the state of the art in research related to lexical combinations and their restrictions in spanish from a variety of theoretical approaches ranging from explanatory combinatorial lexicology to distributed morphology and generative lexicon theory section 1 offers a presentation of the main theoretical and descriptive approaches to collocation section 2 explores collocation from the point of view of its lexicographical representation while section 3 offers a pedagogical perspective section 4 surveys current research on collocation in catalan galician and basque collocations and other lexical combinations in spanish will be of interest to students of hispanic linguistics

although there is a long history of research on vocabulary the vast majority of studies have appeared over the last 30 years this new reference work will provide a comprehensive source of the most influential findings that will be both a useful starting point for developing knowledge of the field as well as a valuable database that can be relied upon when researching vocabulary comprised of 4 volumes the collection will cover 4 key areas volume 1 will focus on the core issues related to vocabulary knowledge the focus of volume 2 is on incidental vocabulary learning volume 3 explores the deliberate instruction of vocabulary and volume 4 looks at formulaic language

demonstrates how corpus based research can advance the understanding of linguistic phenomena in a given language

this study examines the use of one category of prefabricated language restricted lexical collocations in native and non native academic english in the social sciences in an attempt to throw light on a neglected aspect of learner competence it first surveys the existing theoretical viewpoints on word combinations and then reviews experimental research into the psycholinguistic processing of prefabricated language which suggest that the role of conventional expressions is to facilitate fluent production and rapid comprehension a computer based corpus of native academic writing is analysed to discover to what extent and how such collocations are used in formal written english conventionality of style it is suggested aids precision of expression clearly a quality highly valued in academic argument a corpus of non native writing is then subjected to a similar analysis while the collocational errors learners make do not on the whole seriously destroy intelligibility they can lead to a lack of precision and obscure the clarity of expression required in academic communication pedagogical implications are then considered and it is seen that for the most part published teaching materials have failed to recognize the nature of collocations in general and offer little help the final part of the study examines the treatment of restricted collocations in both general and phraseological dictionaries for learners these are evaluated on their selection and presentation of collocations shown by the preceding research to be problematic for advanced learners the conclusion suggests that for such learners who are mostly studying the language independently good reference works are needed in the form of specialist collocational dictionaries the results of this research help to establish principles for the design of such dictionaries

provides 120 easy to follow strategies that examines different aspects of teaching ell secondary students from building background knowledge to assessing learning explores methods of presenting basic information about types of tests demonstrates test taking skills and discusses the use of accommodations each chapter contains a summary and discussion questions

this is the first book length publication devoted entirely to the study of the relation between english phraseology i e the study of formulaic language and culture the contributions focus on particular lexemes e g enjoy and its collocates ty
