libby libby short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not they believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business when writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design libby libby short is the only financial accounting text to successfully implement a real world single focus company approach in every chapter students and instructors have responded very favorably to the use of focus companies and the real world financial statements the companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting

contains a wealth of material that reinforces the text s coverage including a macro view with an outline of major topics a micro view with a concise summary of all details from each chapter and three levels of discussion questions basic recall application and critical thinking

the study guide provides students with a detailed review of chapter material reiterating chapter objectives and key concepts the guide challenges students with crossword puzzles and matching exercises reviewing glossary terms from the chapter and probing short answer and essay questions to test the students overall grasp of the material included is a sample test for each chapter as well as helpful study tips
