the author describes her battle against polio when she was thirteen and her efforts to overcome its debilitating effects

as a six month old infant linda christianson was diagnosed with poliomyelitis a highly contagious disease that crippled thousands of children and adults before a vaccine became available in 1953 in her memoir she now shares the intimate story of her struggle with the disease and of learning to approach her life in as normal a way as possible she details the struggles that she faced growing up and the challenges that she handles each day of her life because she contracted polio at such a young age linda was never able to enjoy the carefree childhood of skipping dancing and jumping that other children including her sister were able to experience she had to learn how to live with her disease and to carve out a productive life for herself today she approaches tasks with planning and much forethought she works within the limitations of her disease but still finds joy and accomplishment in each day all the steps i have taken presents the chronicle of her life which has given her a magnificent family a superlative set of friends with whom she shares her life and her beloved home a remarkably moving story of one womans courage and resilience it is a real inspiration for us all barb blome anyone who has never been stricken with polio will give thanks for what they have been spared yet may wonder why another is not so lucky this story makes one realize how god works in their life through their adversity it brings back the footprints in the sand quote during your times of trial and suffering when you see only one set of footprints it was then that i carried you a true inspiration vikki wacek

american life writing and the medical humanities writing contagion bridges a gap in the market by linking the medical humanities with disability studies it examines how americans used life writing to record epidemic disease throughout history

poliomyelitis better known as polio thoroughly stumped the medical science community polio's impact remained highly visible and sometimes lingered exacting a priceless physical toll on its young victims and their families as well as transforming their social worlds this social history of infantile paralysis is plugged into the rich and dynamic developments of the united states during the first half of the twentieth century children became epidemic refugees because of anachronistic public health policies and practices they entered the emerging clinical world of the hospital rupturing physical and emotional connections with their parents and siblings as they underwent rehabilitation they created ward cultures they returned home to occasionally find hostile environments and always discover changed relationships due to their disabilities the changing concept of the child from an economic asset to an emotional commitment medical advances and improved sanitation policies led to significant improvements in child health and welfare this study relying on published autobiographies memoirs and oral histories captures the impact of this disease on children's personal lives encompassing public health policies hospitalization philanthropic and organizational responses physical therapy family life and schooling it captures the anger frustration and terror not only among children but parents neighbors and medical professionals alike

provides teachers librarians and parents with tips techniques activities and twenty five read aloud plans for books that can be used with children in fifth and sixth grade

the author describes her battle against polio when she was thirteen and her efforts to overcome its debilitating effects

designed to help students who are performing two or more years below their designated grade levels develop the skills they need to read with fluency and understanding

a history of the united states during the 1950s and 1960s including sections on health care eating habits family life environmental issues and the condition of the elderly

this volume presents alphabetically arranged articles dealing with all kinds of diseases and disorders from jaundice to rubella

compiled by expert librarians and book reviewers the lists offer the finest fiction nonfiction and poetry both classic and contemporary for all ages and interest groups

this text provides numerous examples and thorough coverage of procedures for assessing and instructing struggling readers of all ages in keeping with current theory the text emphasizes prevention and early intervention it is based on the premise that student performance is variable and that assessment and instruction are planned and modified to meet the varied needs and levels of students gunning does not subscribe to a medical model that emphasizes deficiencies but rather focuses on what students can do this text calls for inclusion not exclusion but recognizes that struggling learners need expert carefully planned assessment and instruction assessment coverage includes a grounding in basic concepts of tests and measurement while formal standardized measures are described emphasis is placed upon informal but highly regarded techniques such as the informal reading inventory miscue analysis running records observation think alouds holistic scoring of writing and portfolio assessment in addition to chapters devoted specifically to

assessment ways to connect assessment and instruction are mentioned throughout the text coverage of instructional techniques is thorough and practical nine chapters are devoted to instructional techniques
