the powerful soul winner and founder of the salvation army william booth was once asked do you think you have the best training program to teach people how to witness for jesus christ and win souls to jesus william booth replied no i don t think my methods are the best methods i think the best method of giving people a burden for lost souls would be to take them to the devil s hell and allow them to experience what it is to be lost in hell separated from god for an eternity in the fire that could never be quenched then i believe men would truly have a burden and know what it is to be soul winners because they would see what it is to be lost the purpose of this book is to give people that experience time is getting short for the church to do what the lord has called us to do it s time for the church to realize that hell is real and eternal for those we do not reach it s time the church quit playing games though the church that has been purchased by the blood of christ can never experience hell in its fullness it is imperative that the church be able to see and feel the eternalness of the torments of hell that we wake up be revived and get busy about the father s work luke sixteen tells us of activities that are now taking place in hell activities that need to be taking place in our churches please allow your church and yourself to go to hell so that those who the lord and you love will never have to go to hell

the development of e learning systems particularly web based education systems has

increased exponentially in recent years following this line one of the most promising areas is the application of knowledge extraction as one of the first of its kind this book presents an introduction to e learning systems data mining concepts and the interaction between both areas

using a lifetime of knowledge and experience of our education system mike kent looks closely at why it so often falls short failing both teachers and children with much humour and a wealth of experience and insight he looks back at the last fifty years of schooling critically examining the changes the questionable theories the inability of most education ministers to do anything worthwhile and the huge cost of failed initiatives he also suggests how things can be made better please sir skool isn't working is a book which will be enjoyed by anyone with an interest in education and a lively sense of humour
