en las postrimerias del siglo xx los estados unidos se han convertido en la unica superpotencia del mundo ninguna otra nacion cuenta con una capacidad militar y economica semejante ni con intereses de tal alcance planetario sin embargo los estados unidos no han respondido aun a la pregunta clave cual debe ser la estrategia global que les permita mantener su excepcional posicion en el mundo esta es la cuestion a la que se enfrenta zbigniew brzezinski en este libro penetrante y poco convencional un aspecto central de la obra es su analisis del ejercicio del poder en la masa continental euroasiatica en la que se concentra la mayor parte de la poblacion de los recursos naturales y de la actividad economica del planeta con una extension que abarca desde portugal al estrecho de bering desde laponia a malasia eurasia es el b gran tablerob en el que los estados unidos deberan ratificar y defender su supremacia en los proximos anos enfrentandose a la tarea de gestionar los conflictos y las relaciones en europa asia y oriente medio evitando el surgimiento de una superpotencia rival que amenace sus intereses y su bienestar y clarificando el mapa de las ramificaciones estrategicas de esas nuevas realidades geopoliticas por que francia y alemania estan destinadas a desempenar papeles fundamentales mientras que gran bretana y japon no por que la ampliacion de la otan ofrece a rusia una oportunidad que no puede permitirse desperdiciar por que el hecho de considerar a china como una amenaza podria convertirse en una profecia autocumplida etc con sus originales y sorprendentes conclusiones brzezinski da un espectacular vuelco a las ideas preconcebidas sobre el tema y sienta las bases de una nueva y estimulante concepcion del papel de los estados unidos en el mund

this book addresses three innovative aspects for the study of international relations first proposes a novel theoretical methodological framework for the study of national power and based on this a quantitative analysis technique is formulated that allows us to study the evolution of state power over almost five decades second states play a fundamental role in the international system which is why the study of their roles in the world cannot be limited to old insufficient and contradictory categorizations having new categories of states becomes an even more urgent task in the rapidly changing international order than it is today this book proposes nine categories of powers and states that cover all the countries that currently exist third the international geostructure of world power is proposed which represents a new theoretical notion that helps to explain how the international

insertion of states and their possibilities of action are conditioned by the unequal distribution of national power and by their structural positioning in the international system this book is for all students of international relations academics and people who want to understand national power as a fundamental factor in relations between countries
