the case interview workbook contains 60 case questions for management consulting interviews with complete solutions every case is compiled and edited by a team of ex consultants from mckinsey company the boston consulting group and bain company this book fills the gap left by others by providing you with plenty of high quality cases to practice on before your interview many cases are from actual interviews at the top tier firms and cannot be found elsewhere after working through this book you will be prepared for every type of case question you may encounter market sizing estimation operations industry analysis pricing growth strategy marketing investment in a market entry customer segmentation profitability valuation logic issue identification cost analysis market expansion and brainteasers to name a few these cases will help you prepare for interviews at leading management consulting firms including mckinsey company the boston consulting group bain company oliver wyman strategy formerly booz company a t kearney roland berger and le k as well as for consulting roles at large firms such as accenture deloitte pwc ey and kpmg note that is a workbook designed to complement other preparation books you will have a hard time solving these cases without learning first elsewhere how to do so e g which frameworks to use how to use them and how to structure a solution

offering detailed advice on how to ace the case interview this guide outlines the key interview principles provides practical tips on writing a resume and carrying out the personal experience interview and identifies strategies for mastering the case analysis

mastering the case interview outlines the essential interview principles and identifies strategies you can use to master the case analysis it offers an overview of the most common types of problems given in case interviews outlines a framework for approaching each type of case and provides a variety of case interview examples in addition this book

offers detailed advice on how to manage the interview process it includes specific interview guidelines provides sample questions and answers and outlines practical strategies on how to ace the case interview

cosentino demystifies the consulting case interview he takes you inside a typical interview by exploring the various types of case questions and he shares with you a system that will help you answer today's most sophisticated case questions page 4 of cover

in the ultimate case interview workbook you'll sharpen your case interview skills to dominate your upcoming interview and land your dream consulting job taylor warfield a former bain management consultant and interviewer provides essential practice problems and challenging cases to develop the skills needed to get multiple job offers use this workbook to access 65 problems tailored towards each type of question in case interviews feel confident across a range of interview questions including framework questions market sizing problems profitability assessments breakeven analysis charts graphs analysis brainstorming questions and other qualitative questions 15 full length cases based on mckinsey bcg and bain interviews build business acumen across a variety of industries e.g. technology retail healthcare energy finance non profit and functions e.g. strategy operations efficient practice that can be done individually or with a partner save yourself time by working through carefully crafted practice problems and cases that teach you a new concept strategy or takeaway each time warfield's former students include undergraduates mbas advanced degree holders and experienced hires they have landed job offers at top consulting firms including mckinsey bcg bain deloitte le k oliver wyman and accenture as well as at fortune 500 strategy groups i felt really confident after my mckinsey interview this book's cases prepared me perfectly they were very similar to the ones i received in my first and final round interviews mckinsey consultant wharton mba candidate i had very little time before my next bcg interview this book provided me with plenty of practice that i could do by myself after working through these cases i felt excited

going into my interviews bcg associate experienced hire these cases were much higher quality than those found in other case books the explanations were detailed and thorough and i got to practice thinking like a true consultant bain consultant stanford undergraduate also visit hackingthecaseinterview.com for a one week online crash course to pass your upcoming interview

mastering the case interview offers detailed advice on how to ace the case interview this book outlines the general principles of managing the case interview delineates the most common types of cases and outlines a framework for approaching each type of case the discussion of the basic principles of case analysis is complemented by an extensive array of interview examples that includes 20 sample case discussions and 200 practice questions

you often hear in discussions about case interviews that you should not use standard business frameworks and concepts at all because they just don't fit to the specific case question and interviewers don't like it when candidates use standard frameworks to solve cases however when challenging this shallow generalized and popularized statements there aren't any of those arguments remaining on the table it is most definitely true that you can't crack a realistic interview case by relying solely on standardized frameworks but all those business frameworks and concepts are extremely helpful templates which you can and even should put into your toolbox and use them whenever appropriate if not to the full extent at least partly such a standard business framework is just a tool and the tool itself is rarely good or bad it mainly depends on how and for which purpose you use it with this book you achieve all of the following get a profound overview of the most important business concepts and frameworks needed in consulting case interviews really understand those business concepts and frameworks instead of possessing only knowledge of dangerous half truths impress your interviewer on how structured and therefore client friendly you tackle tough case interview questions quickly learn how to

actually apply those frameworks to concrete business situations instead of just having a shallow theoretic knowledge of them be more mece mutually exclusive collectively exhaustive in setting up your overall case structure at the beginning of your case interview better structure your answers to particular questions later on in your case interview again being more mece save tons of time by having high quality content from 10 years of consulting and interview experience together in one single book significantly reduce the risk of losing a tier 1 consulting firm job offer because you were not structured enough in your interview and we all know how important it is to be abs always be structured

mastering the case interview outlines the essential interview principles and identifies strategies you can use to master the case analysis it offers an overview of the most common types of problems given in case interviews outlines a framework for approaching each type of case and provides a variety of case interview examples in addition this book offers detailed advice on how to manage the interview process it includes specific interview guidelines provides sample questions and answers and outlines practical strategies on how to ace the case interview

cheng a former mckinsey management consultant reveals his proven insider smethod for acing the case interview
