the essays included in *Talking Books with Mario Vargas Llosa* celebrate Mario Vargas Llosa's visits to the City College of New York, the creation of the Cátedra Vargas Llosa in his honor, and the interests of the Peruvian author in reading and books. This volume contains previously unpublished material by Vargas Llosa himself as well as by novelists and literary critics associated with the Cátedra. This collection offers readers an opportunity to learn about Vargas Llosa's body of work through multiple perspectives: his own and those of eminent fiction writers and important literary critics. The book offers significant analysis and rich conversation that bring to life many of the Nobel laureate's characters and provide insights into his writing process and imagination as the last surviving member of the original group of writers of the Latin American boom, which included Gabriel García Márquez, Carlos Fuentes, and Julio Cortázar. Vargas Llosa endures as a literary icon because his fiction has remained fresh and innovative. His prolific works span many different themes and subgenres. A combination of literary analyses and anecdotal contributions in this volume reveal the little-known human and intellectual dimensions of Vargas Llosa: the writer and Vargas Llosa the man.

discusses writers of the New World and provides a critical analysis of today's outstanding writers.

Much praised as a writer but highly controversial as a political commentator, Mario Vargas Llosa's fiction is often regarded as reflecting his notorious political development from a leftwing to a neo-liberal position. This study makes a critical evaluation of the interrelations within his fictional and non-fictional work from the 1960s to the present day, revealing a surprising continuity in his fictional creation and his ideas about literature politics being one of the most persistent demons which, according to his theory, provoke his creativity. The book offers a detailed reading of three political novels from different periods of his writing career: *Conversación en la Catedral* (1969), *La guerra del fin del mundo* (1981), and *La fiesta del chivo* (2000). These are analysed in relation to his works of literary theory, political commentary, memoirs, and other fictional texts. Despite considerable shifts in political and literary matters, Vargas Llosa's writings show a continuous and unchanged concern for two interrelated issues: the impact of political problems such as authoritarianism, corruption, ideology, and violence on the individual, and the question of literature and the role of writers and intellectuals in society. Contents: narrative and historical reality, truth and fiction, narrative structure and meaning, intellectuals and power, writing and storytelling as anti-ideological practices, exorcising one's demons. provides learners with a comprehensive guide to the forms and structures of Spanish as it is currently spoken and written in Spain and Latin America.

Though Peru is its principal focus, the text engages with current studies of modernity at the postcolonial margins of the Western world by contributing to an understanding of the class and ethnic conflicts generated by rapid modernization in culturally heterogeneous nations. Jacket.
